ADDRESSES OF 522 MOTHERS WHO LOST SONS IN WAR SOUGHT D. C. Legion Posts Anxious to Have All Present at Memorial Service Here on May 26.

The addresses of 522 mothers in the District whose sons gave their lives in the world war, are being sought by those who are arranging for the memorial service on May 26, on the Washington Monument grounds, in tribute to the hero dead of the National Capital. It is the particular desire of the American Legion posts, the Vincent B. Costello and Hiram F. Cash posts—under whose auspices this service will be conducted, that every mother shall be present, because the service is for her son. All these mothers are urged to write to Comrade Hiram F. Fitzgerald, room 15, District Building, and two reserved seats tickets will be sent to each.

Addresses of Widows Sought.

The addresses of the widows of war heroes are also sought. The committee in charge of the distribution of swapped with applications, but it wants every mother and wife there. It appreciates the self sacrifice of the Women. It realizes that a wife made a tremendous sacrifice, having only one husband, and she has been the service of his country, being in many cases, a widow, and she has to care for the surviving and uncomplaining "war widows" are especially desired as well as the mothers of our heroes.

President Will Review.

Following the services at the Monument on the 26th, the procession will proceed to the grounds to B street, up 13th street to Pennsylvania avenue, and will turn up Pennsylvania avenue en route to the Key Bridge and Arlington. When it passes the White House President Warren Harding will review the procession.

The "honor roll" of the District, containing the names of the 522 mothers who lost their sons in the world war, is as follows:

Edward D. Adams, Alex K. Anderson, William Arnold, Eugene H. Austin, Curtis H. Aulin, Lawrence B. Baker, Philip M. Bailey, Wilk E. Baker, William H. Baker, John Thomas Banks, Bernard B. PAY FOR ERRORS BOOSTED

I. C. C. Orders Telegraph Companies to Increase Liability.

Telegraph companies were ordered Friday by the Interstate Commerce Commission to establish rules by July 12 increasing their liability for errors in transmission or delivery, or for non-delivery of interstate messages. The amount of liability for each message received for transmission was fixed by the commission at not less than \$20 nor more than \$500 for each message received at the receiving office.

Under existing company rules a maximum of \$50 is the amount of liability, except where the message is specially valued.

THE ELECTRIC SHOP

We are now selling the highly advertised and most famous WASHING MACHINE on the market

The Eden Washing Machine

Makes Clothes Cleaner

Things washed in clean water are bound to be purer and look fresher than those washed in dirty water. In the Eden, as dirt is freed from the clothes it settles at once into the Sediment Zone, where it is trapped in quiet water and cannot get back into the washing cylinder to mingle again with the clean clothes. With this continual elimination of sediment the Eden always washes your things in clean water. There is a feeling of satisfaction when putting on an Eden-washed garment or using Eden-washed linens that comes from knowing that they are actually clean.

Westinghouse Automatic ELECTRIC RANGE

Why Stay Home to Cook?

There is no reason why you should if you will cook the Automatic Electric Way. After all, it is very simple, because all you do is to place your food in the oven, set a standard alarm clock for the hour you wish the cooking started, turn the hand of the heat indicator at the proper cooking temperature and then forget about it.

No matter where you may be, your luncheon or dinner will be ready for you when you return. It has been cooked just right, used an economical amount of heat, and the best of all, gives you an efficient servant that never leaves.

There is pleasure in cooking electrically and automatically (automatically is not just a name denoting self-action, but as applied to the Westinghouse Electric Range, it denotes a new science of cookery). Place a Westinghouse Automatic Electric Range in your home.

Does Your Bed Spring Fit?

Poor sleep is almost as bad as no sleep. Only healthy, comfortable slumber can rebuild the vitality you lose during the day. And only a true fitting spring can give you that sleep. That's why you should have a spring that fits.

Foster IDEAL Springs

insure comfortable, refreshing sleep because they are real springs—not wire hammocks. They are built upon the only correct and true suspension principal—vertical spiral springs—springs under your entire body.

One hundred and twenty of these springs, coiled from specially drawn, high-carbon steel wire and held securely in place by Foster double deck construction make a top sleeping surface that is super-resilient. It mounds to your form. It distributes your weight equally. You don't sink in. You don't merely hit the high spots. You repose perfectly—the way nature intended—and you Rest.

The Spring's The Thing.

It's the one part of the bed that you really need—that you use for one-third of your life. Choose it carefully.
